Project Summary (including redirection)	Key Tasks	Progress	Status	Finish
Vendanza is a resource planner and dashboard for small business management. The intention is to build out an ecosystem with access to tools and resources that make it much easier to own and operate one or more businesses. It's goal is to streamline operations, decision making, and analysis for businesss owners at any stage of operation, from idea conception to the sale or acquisition.	Wiki page desc, org chart created.	100%	Complete	30-Jan-23
	MVP Project Requirements gathered	100%	Complete	10-Feb-23
	Access permissions granted to team members	100%	Complete	17-Feb-23
	Pert & Gantt Chart created	100%	Complete	18-Feb-23
	Design & Architecture docs created	100%	Complete	10-Feb-23
	Test plan Posted	100%	Complete	04-Mar-23
	Deliverables updated	0%	Future Task	
	Login, Register, User account func created	50%	On Track	
	Dummy Data Created	100%	Complete	25-Feb-23
	Add business func created	10%	On Track
